Liz Stevenson's Top Ten Pet Peeves

10. Believing there is only one right way to do things (*Your* way or the *wrong* way!)
9. Being unwilling to collaborate; wasting PLT time, being disengaged during professional development, etc.
8. Mediocrity
7. Always blaming students, parents, colleagues or anyone else when your students fail; not taking personal responsibility
6. On the job retirement
5. Having a defeatist attitude; giving up on your students
4. Closed-mindedness
3. Using grading practices and discipline policies to wield power over students
2. People who don't care about our students (Why are you here?)
1. Not learning from mistakes (notice I didn't say "not *making* mistakes")
